Environmental Science and Terrestrial Resource Management

Bioresource Science and Engineering

Baccalaureate Honors (Based on Winter 2017 GPA)

Graduation Celebration

June 9, 2017
Kane Hall, Room 130
9 AM

College of the Environment Graduation Gift

In appreciation of the Class of 2017, the College is partnering with the Campus Sustainability Fund to help fund a project at Friday Harbor Laboratories to construct an industrial composting facility, reducing their CO2 emissions by 11 metric tons per year. Recognizing that our students are the next generation of leaders in environmental science and decision-making, we believe this contribution showcases our collective commitment to the sustainability and the well-being of our campus community and our planet.

School of Environmental and Forest Sciences Alumni Group
Colton Miller (13)

Keynote Address
